Intended Use

Intended to be used with surgical blades for tissue separation and other procedures that require a sharp surgical blade to puncture or cut.

Key Features

- Safety handle to be used with a conventional blade
- Size 3 and 3L handles are designed for both left and right-handed surgeons
- Similar weight and balance to a standard Bard-Parker® handle
- Easy one-step blade removal design
- Allows the use of blades from any manufacturer (blades not included)
- Not made with natural rubber latex
- Reusable
Bard-Parker® SafeSwitch™ Reusable Scalpel Handle

Intended to be used with surgical blades for tissue separation and other procedures that require a sharp surgical blade to puncture or cut.
