

Richard-Allan[®] Medication Labels

Intended Use

Intended to label medications and medication containers on and off the sterile field.

Key Features

- Preprinted standard sets are designed to help easily identify and record medications in the O.R. for specific departments
- Help comply with Joint Commission requirement that all medications and solutions be labeled in the O.R.①
- Enhances clarity of labels on medications and fluids
- Waterproof, smear-proof labels, 20 labels per sheet
- Color-coded for easy identification, includes medication name, strength, amount, and expiration date
- Adhesive will not leave residue on items in the O.R.
- Sterile codes bundled with utility marker for convenient labeling
- Intended for single-use and not made with natural rubber latex
